Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? <i>If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.</i>		
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? <i>If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).</i>		
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? <i>If "Yes," answer (b) and (c) below.</i>		
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? <i>If "Yes," describe in Part VI when and how the organization made the determination.</i>		
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? <i>If "Yes," explain in Part VI what controls the organization put in place to ensure such use.</i>		
4a Was any supported organization not organized in the United States ("foreign supported organization")? <i>If "Yes," and if you checked 12a or 12b in Part I, answer (b) and (c) below.</i>		
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? <i>If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.</i>		
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? <i>If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.</i>		
5a Did the organization add, substitute, or remove any supported organizations during the tax year? <i>If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).</i>		
b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?		
c Substitutions only. Was the substitution the result of an event beyond the organization's control?		
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? <i>If "Yes," provide detail in Part VI.</i>		
7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? <i>If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).</i>		
8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? <i>If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).</i>		
9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? <i>If "Yes," provide detail in Part VI.</i>		
b Did one or more disqualified persons (as defined in line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? <i>If "Yes," provide detail in Part VI.</i>		
c Did a disqualified person (as defined in line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? <i>If "Yes," provide detail in Part VI.</i>		
10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? <i>If "Yes," answer 10b below.</i>		
b Did the organization have any excess business holdings in the tax year? <i>(Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)</i>		

Part IV Supporting Organizations (continued)

	Yes	No
11 Has the organization accepted a gift or contribution from any of the following persons?		
a A person who directly or indirectly controls, either alone or together with persons described in (b) and (c) below, the governing body of a supported organization?		
b A family member of a person described in (a) above?		
c A 35% controlled entity of a person described in (a) or (b) above? <i>If "Yes" to a, b, or c, provide detail in Part VI.</i>		

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? <i>If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.</i>		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? <i>If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised, or controlled the supporting organization.</i>		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? <i>If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).</i>		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? <i>If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).</i>		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? <i>If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.</i>		

Section E. Type III Functionally Integrated Supporting Organizations

1 Check the box next to the method that the organization used to satisfy the Integral Part Test during the year (see instructions).

b <input type="checkbox"/> The organization is the parent of each of its supported organizations. Complete line 3 below.		
c <input type="checkbox"/> The organization supported a governmental entity. Describe in Part VI how you supported a government entity (see instructions).		
2 Activities Test. Answer (a) and (b) below.		
a Did substantially all of the organization's activities during the tax year directly further the exempt purposes of the supported organization(s) to which the organization was responsive? <i>If "Yes," then in Part VI identify those supported organizations and explain how these activities directly furthered their exempt purposes, how the organization was responsive to those supported organizations, and how the organization determined that these activities constituted substantially all of its activities.</i>		
b Did the activities described in (a) constitute activities that, but for the organization's involvement, one or more of the organization's supported organization(s) would have been engaged in? <i>If "Yes," explain in Part VI the reasons for the organization's position that its supported organization(s) would have engaged in these activities but for the organization's involvement.</i>		
3 Parent of Supported Organizations. Answer (a) and (b) below.		
a Did the organization have the power to regularly appoint or elect a majority of the officers, directors, or trustees of each of the supported organizations? <i>Provide details in Part VI.</i>		
b Did the organization exercise a substantial degree of direction over the policies, programs, and activities of each of its supported organizations? <i>If "Yes," describe in Part VI the role played by the organization in this regard.</i>

PART I, LINE 3C:

IN ADDITION TO THE FPG, THE HOSPITAL CONSIDERS IF THE PATIENT IS UNINSURED AND/OR UNDERINSURED WHEN DETERMINING IF THEY QUALIFY FOR FREE CARE OR DISCOUNTED CARE.

PART I, LINE 7:

THE COSTING METHODOLOGY USED THE OVERALL COST TO CHARGE RATIO OBTAINED FOR EACH PATIENT SEGMENT AND APPLIED AGAINST GROSS CHARGES FROM THE 2019 COST REPORT. THIS RATIO WAS USED FOR LINES 7A, 7B AND 7G. ACTUAL OPERATING COSTS WERE USED TO CALCULATE LINES 7E, 7F, AND 7I.

PART I, LINE 7G:

SUBSIDIZED HEALTH SERVICES INCLUDES COMMUNITY BENEFIT EXPENSES AND DIRECT OFFSETTING REVENUE RELATED TO PHYSICIAN CLINICS. TOTAL COMMUNITY BENEFIT EXPENSES WERE \$7,431,626 AND DIRECT OFFSETTING REVENUE WAS \$3,297,494.

PART II, COMMUNITY BUILDING ACTIVITIES:

COMMUNITY SUPPORT: EMERGENCY MANAGEMENT PREPAREDNESS: BARTON HEALTH

Part VI Supplemental Information (Continuation)

CHAIRS AND HOSTS THE EMERGENCY MANAGEMENT COMMUNITY COUNCIL. THIS COUNCIL MEETS EVERY OTHER MONTH WITH AREA AGENCIES TO DISCUSS EMERGENCY PREPAREDNESS AND EDUCATION TO THE SOUTH LAKE TAHOE COMMUNITY. EXERCISE DRILLS, EMERGENCY PREPAREDNESS MATERIALS AND OTHER PROGRAMS COME OUT OF THIS GROUP. THE GROUP WAS DESIGNED WITH THE HEALTH AND SAFETY OF OUR COMMUNITY IN MIND. THE GROUP INCLUDES REPRESENTATIVES FROM BARTON HEALTH, RED CROSS, EL DORADO COUNTY HEALTH AND HUMAN SERVICES, AREA FIRE DEPARTMENTS, POLICE, SHERIFF, HAM RADIO, SCHOOL DISTRICTS, PUBLIC UTILITIES AND OTHER REPRESENTATIVES WHO WOULD HAVE A RESPONSE CAPABILITY IN OUR COMMUNITY. THE PURPOSE IS TO PROTECT THE HEALTH OF OUR COMMUNITY BY BEING PREPARED FOR DISASTERS, AND KNOWING OUR EMERGENCY PARTNERS IN THE EVENT OF AN EMERGENCY TO BETTER FORM A COHESIVE RESPONSE IN THE SOUTH LAKE TAHOE AREA, WHICH WILL ASSIST IN GETTING THE COMMUNITY BACK ON ITS FEET AFTER A DISASTER.

THE IMPACT OF THIS PROGRAM IS THE COORDINATION AMONGST LOCAL EMERGENCY PROVIDERS TO ENSURE EMERGENCY READINESS FOR THE NEXT LOCAL DISASTER. BARTON HEALTH FURTHER SUPPORTS VARIOUS ORGANIZATIONS BY PROVIDING HEALTH GRANTS, SPONSORSHIPS AND OTHER SUPPORT. BARTON HEALTH ADDITIONALLY ASSISTS OUR NEEDY PATIENTS BY ASSISTING WITH TRANSPORTATION COSTS AND MEDICATION. COALITION BUILDING: BARTON HEALTH HOSTS THE COMMUNITY HEALTH ADVISORY COMMITTEE (CHAC) THAT IS A COLLABORATIVE OF REPRESENTATIVES OF VARIOUS COMMUNITY AGENCIES AND COMMUNITY MEMBERS THAT MEETS MONTHLY TO ADDRESS TOP COMMUNITY HEALTH NEEDS AS THEY EMERGE. Independent Auditor's Report

Board of Directors
Barton Healthcare System
South Lake Tahoe, California

We have audited the accompanying consolidated financial statements of Barton Healthcare System, which comprise the consolidated balance sheets as of December 31, 2019 and 2018, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Barton Healthcare System as of December 31, 2019 and 2018, and the results of their operations, changes in their net assets, and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States.

Notes to Consolidated Financial Statements

Note 1: Summary of Significant Accounting Policies

The Entity

Barton Healthcare System (the "Healthcare System") is a California nonprofit corporation. Included in these consolidated financial statements are the following entities:

- The Healthcare System includes Barton Memorial Hospital (the "Hospital"), a 111-bed acute-care hospital, including a 48-bed skilled nursing facility, located in South Lake Tahoe, California. The Hospital provides, among other services, primarily inpatient, outpatient, and emergency care services for the residents of the South Lake Tahoe Basin. The Hospital has an Auxiliary, which functions as a separate department of the Hospital. The Auxiliary sponsors various fundraisers for the Hospital's equipment purchases and expansion needs. The Auxiliary contributed \$29,500 during 2019 and \$24,000 during 2018 to the Hospital.
- Barton Memorial Hospital Foundation, Inc. (the "Foundation") is a Nevada nonprofit corporation and was formed in 1990 to expand the community awareness of the Hospital and to raise and manage donor funds for programs, activities, and capital construction. The Foundation is included as a consolidated subsidiary of the Healthcare System. The Hospital funds the operating expenses of the Foundation. For the years ended December 31, 2019 and 2018, the Foundation contributed \$147,796 and \$205,231, respectively, for support of the Hospital.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Hospital and the Foundation, which are collectively referred to as the "Healthcare System". All significant intercompany accounts and transactions have been eliminated in preparing the accompanying consolidated financial statements.

Financial Statement Presentation

The Healthcare System follows accounting standards set by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). The ASC is the single source of authoritative accounting principles generally accepted in the United States (GAAP) to be applied to nongovernmental entities.

Use of Estimates in Preparation of Consolidated Financial Statements

The preparation of the accompanying consolidated financial statements in conformity with GAAP requires management to make certain estimates and assumptions that directly affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results may differ from these estimates.

Barton Healthcare System

Notes to Consolidated Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Cash Equivalents

The Healthcare System considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents, excluding amounts whose use is limited or restricted.

Patient Accounts Receivable and Credit Policy

Patient accounts receivable are reported at the amount that reflects the consideration to which the Healthcare System expects to be entitled in exchange for providing patient care services. Patient accounts receivable are recorded in the accompanying consolidated balance sheets net of contractual adjustments and implicit price concessions, which reflects management's estimate of the transaction price. The Healthcare System estimates the transaction price based on negotiated contractual agreements, historical experience, and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions and is recorded through a reduction of gross revenue and a credit to patient accounts receivable. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to patient service revenue in the period of the change.

The Healthcare System does not have a policy to charge interest on past due accounts.

Supplies

Supplies are stated at the lower of cost (using the first-in, first-out method) or net realizable value.

Assets Limited as to Use and Investment Income

Assets limited as to use are measured at fair value in the accompanying consolidated balance sheets, except for cash and cash equivalents and certificates of deposit, which are stated at cost plus accrued interest.

Assets limited as to use include assets designated by the Board of Directors for future capital improvements, over which the Board retains control and may, at its discretion, subsequently use for other purposes; assets designated by the Board of Directors for endowments; and assets held by a trustee under an indenture agreement for fixed assets acquisition and for workers' compensation claims and other.

Investment income, net of related expenses (including realized and unrealized gains and losses, interest, and dividends) is included in revenue in excess of expenses unless the income or loss is restricted by donor or law. In 2019, due to the adoption of Accounting Standards Update (ASU) No. 2016-01, unrealized gains and losses on investments are included in revenue in excess of expenses. In 2018, unrealized gains and losses on investments were excluded from revenue in excess of expenses. Realized gains and losses are determined by specific identification.

Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three-tier hierarchy prioritizes the inputs used in measuring fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs for which little or no market data exists, therefore requiring an entity to develop its own assumptions. The asset's or liability's fair value measurement within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Property, Equipment, and Depreciation

Property and equipment acquisitions in excess of \$5,000 are recorded at cost or, if donated, at fair value at the date of donation. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed using the straight-line method. Leasehold improvements are amortized over the shorter period of the estimated useful life or the remaining term of the lease. Estimated useful lives range from 5 to 25 years for land improvements, 3 to 10 years for equipment, and 20 to 40 years for buildings.

Interest costs incurred on borrowed funds during the period of construction of capital assets are capitalized as a component of the cost of acquiring those assets, net of any earnings on these funds. For major capital additions that require a period of time to get them ready for their intended use but are not acquired with a specific tax-exempt borrowing, the Healthcare System capitalizes an allocation of interest cost incurred during the period required to complete the asset.

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted support and are excluded from revenues in excess of expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Healthcare System reports expirations of donor restrictions when the donated or acquired long-lived assets are placed into service.

Note 1: Summary of Significant Accounting Policies (Continued)

Leases

The Healthcare System is a lessee in multiple noncancelable operating leases. If the contract provides the Healthcare System the right to substantially all the economic benefits and the right to direct the use of the identified asset, it is considered to be or contain a lease. Right-of-use (ROU) assets are recognized at the lease commencement date based on the present value of the future lease payments over the expected lease term. The ROU asset is also adjusted for any lease prepayments made, lease incentives received, and initial direct costs incurred.

The lease liability is initially and subsequently recognized based on the present value of its future lease payments. Variable payments are included in the future lease payments when those variable payments depend on an index or a rate. Increases (decreases) to variable lease payments due to subsequent changes in an index or rate are recorded as variable lease expense (income) in the future period in which they are incurred.

The Healthcare System has elected to use a risk-free rate for a term similar to the underlying lease as the discount rate if the implicit rate in the lease contract is not readily determinable.

The ROU asset is subsequently measured throughout the lease term at the amount of the remeasured lease liability (i.e., present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) any prepaid (accrued) lease payments, less the unamortized balance of lease incentives received, and any impairment recognized. Lease costs are recognized on a straight-line over the lease term.

The Healthcare System has elected, for all underlying classes of assets, to not recognize ROU assets and lease liabilities for short-term leases that have a lease term of 12 months or less at lease commencement, and do not include an option to purchase the underlying asset that the Healthcare System is reasonably certain to exercise. Leases containing termination clauses in which either party may terminate the lease without cause and the notice period is less than 12 months are deemed short-term leases with lease costs included in short-term lease expense. The Healthcare System recognizes short-term lease costs on a straight-line basis over the lease term.

The Healthcare System made an accounting policy election to not separate the lease components of a contract and its associated non-lease components (i.e., lessor-provided maintenance and other services).

Asset Impairment

The Healthcare System evaluates its long-lived assets, which consist primarily of property and equipment with finite useful lives, for impairment whenever events or changes in circumstance indicate that the carrying value may not be recoverable. Carrying value of the long-lived assets is compared with the estimated future undiscounted cash flows expected to result from the use of the assets, including cash flows from disposition. Should the sum of the expected future cash flows be less than the carrying value, the Healthcare System would recognize an impairment loss at that time. The Healthcare System determined that no evaluations of assets for impairment were necessary in 2019 and 2018.

Note 1: Summary of Significant Accounting Policies (Continued)

Investment in Washoe Barton Medical Clinic

The investment in Washoe Barton Medical Clinic is recorded under the equity method of accounting. Under the equity method, the initial investment is recorded at cost and adjusted periodically to recognize the Healthcare System's share of earnings and losses of that entity, net of any additional investments or distributions. The Healthcare System's share of net earnings or losses of Washoe Barton Medical Clinic is included in other income (expense) in the accompanying consolidated statements of operations.

Land Held for Investment

The asset is a vacant parcel of land that the Healthcare System is holding for a potential sale at a later date. This land held for investment is recorded at the lower of cost or market.

Self-Insurance Reserves

The Healthcare System provides for self-insurance reserves for estimated incurred, but not reported claims for its employee health plan, professional liability insurance program, and workers' compensation insurance program. These reserves, which are included in current liabilities and long-term liabilities in the consolidated balance sheets, are estimated based on historical submission and payment data, cost trends, utilization history, and other relevant factors. Adjustments to reserves are reflected in the operating results in the period in which the change in estimate is identified.

Unamortized Debt Issuance Costs

Unamortized debt issuance costs, netted against long-term debt, have been capitalized and are being amortized over the related debt term using the straight-line method. Amortization of debt issuance costs is included in interest expense in the accompanying consolidated statements of operations.

Net Assets

Net assets without donor restrictions consist of investments and otherwise unrestricted amounts that are available for use in carrying out the mission of the Healthcare System and include those expendable resources which have been designated for special use by the Healthcare System's Board of Directors. Net assets with donor restrictions are those net assets whose use by the Healthcare System has been limited by donors to a specific time period or purpose or which have been restricted by donors to be maintained by the Healthcare System in perpetuity.

Note 1: Summary of Significant Accounting Policies (Continued)

Patient Service Revenue

Patient service revenue is reported at the amount that reflects the consideration to which the Healthcare System expects to be entitled in exchange for providing patient care. These amounts are due from patients, third-party payors (including health insurers and government programs), and others and include variable consideration for retroactive revenue adjustments resulting from settlement of audits, reviews, and investigations. Generally, the Healthcare System bills the patients and third-party payors several days after the services are performed or the patient is discharged from the facility. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided. Revenue from performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. Generally, performance obligations satisfied over time relate to patients receiving hospital inpatient acute care services, nursing home post-acute care services, and hospice post-acute care services. For these services, the Healthcare System measures the performance obligation from admission to the point when there are no further services required for the patient, which is generally at the time of discharge. For outpatient services provided in the Healthcare System's hospital, clinics, nursing home, and home health services, the performance obligation is satisfied as the patient simultaneously receives and consumes the benefits provided as the services are performed. In the case of these outpatient services, recognition of the obligation over time yields the same result as recognizing the obligation at a point in time. The Healthcare System believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation.

Because the Healthcare System's performance obligations relate to contracts with a duration of less than one year, the Healthcare System has elected to apply the optional exemption and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period. The unsatisfied or partially unsatisfied performance obligations referred to above are primarily related to inpatient acute care services at the end of the reporting period. The performance obligations for these contracts are generally completed when the patients are discharged, which generally occurs within days or weeks of the end of the reporting period.

The Healthcare System uses a portfolio approach to account for categories of patient contracts as a collective group rather than recognizing revenue on an individual contract basis. The Healthcare System used the following factors to develop portfolios: major payor classes, type of service (i.e., inpatient, outpatient, emergency, clinic), and geographic location. Using historical collection trends and other analysis, the Healthcare System evaluated the accuracy of its estimate and determined that recognizing revenue by utilizing the portfolio approach approximates the revenue that would have been recognized if an individual contract approach were used.

Note 1: Summary of Significant Accounting Policies (Continued)

Patient Service Revenue (Continued)

The nature, amount, timing, and uncertainty of revenue and cash flows are affected by several factors the Healthcare System considers in its recognition of revenue. Following are some of the factors considered:

- Payors (i.e., Medicare, Medicaid, managed care or other insurance, patients) having different reimbursement/payment methodologies
- Length of the patient's service/episode of care
- Geography of the service location
- Line of business that provided the service (i.e., hospital, nursing home)

The Healthcare System determines the transaction price, which involves significant estimates and judgment, based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured patients in accordance with the Healthcare System's policy, and implicit price concessions provided to patients. The Healthcare System determines its estimates of contractual adjustments and discounts based on contractual agreements, its discount policy, and historical experience. The Healthcare System determines its estimate of implicit price concessions based on its historical collection experience for each patient portfolio based on payor class and service type.

The Healthcare System has agreements with third-party payors that typically provide for reimbursement at amounts which vary from its established charges. A summary of the basis of payment arrangements with major third-party payors follows:

Medicare - Inpatient acute care services are paid at prospectively determined rates per discharge based on clinical, diagnostic, and other factors. Outpatient services are paid using prospectively determined rates or fixed-fee schedules. Physician services are paid based on established fee schedules, except for rural health clinic services, which are paid based upon a cost per visit methodology subject to an upper payment limit. Inpatient nonacute services, certain outpatient services, medical education costs, and defined capital costs related to Medicare beneficiaries are paid based, in part, on a cost-reimbursement methodology.

Medi-Cal - Inpatient services are generally paid at prospectively determined rates. Outpatient services are paid at prospectively determined rates per procedures, determined by the State of California. Physician services are paid based upon established fee schedules, except for rural health clinic services which are paid based upon prospectively determined rates. For rural health clinic services, the Healthcare System is reimbursed on an interim basis at a reduced rate for visits insured by Medi-Cal managed care plans with final reconciliations submitted to the State of California to determine any underpayment or overpayment based on the established prospectively determined rates.

Other - Payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations provide for payment using prospectively determined rates per discharge, discounts from established charges, prospectively determined daily rates, and fee schedules.

Patient Service Revenue (Continued)

Laws and Regulations

Laws and regulations concerning government programs, including Medicare and Medicaid, are complex and subject to varying interpretation. Because of investigations by governmental agencies, various health care organizations have received requests for information and notices regarding alleged noncompliance with those laws and regulations, which in some instances have resulted in organizations entering into significant settlement agreements. Compliance with such laws and regulations may also be subject to future government review and interpretation as well as significant regulatory action, including fines, penalties, and potential exclusion from the related programs. There can be no assurance that regulatory authorities will not challenge the Healthcare System's compliance with these laws and regulations, and it is not possible to determine the impact (if any) such claims or penalties would have on the Healthcare System.

The Centers for Medicare and Medicaid Services (CMS) uses recovery audit contractors (RAC) to search for potentially inaccurate Medicare payments that might have been made to health care providers and that were not detected through existing CMS program integrity efforts. Once the RAC identifies a claim it believes is inaccurate, the RAC makes a deduction from or addition to the provider's Medicare reimbursement in an amount estimated to equal the overpayment or underpayment. The Healthcare System has not been notified by the RAC of any potential significant reimbursement adjustments. In addition, the contracts the Healthcare System has with commercial payors provide for retroactive audit and review of claims.

Accounting for Contractual Arrangements

Settlements with third-party payors for retroactive adjustments resulting from audits, reviews, or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor, and the Healthcare System's historical settlement activity, including an assessment to ensure that it is probable a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available) or as years are settled or are no longer subject to such audits, reviews, and investigations. The Healthcare System's cost reports have been settled by the Medicare fiscal intermediaries through December 31, 2015. The Healthcare System's Medi-Cal cost reports have been settled by the California Department of Health Care Services (DHCS) through December 31, 2017.

Adjustments arising from a change in the transaction price were not significant in 2019 and 2018.

Barton Healthcare System

Notes to Consolidated Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Patient Service Revenue (Continued)

Accounting for Contractual Arrangements (Continued)

Generally, patients who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. The Healthcare System also provides services to uninsured patients and offers those uninsured patients a discount, either by policy or law, from standard charges. The Healthcare System estimates the transaction price for patients with deductibles and coinsurance and for those who are uninsured based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to patient service revenue in the period of the change. Subsequent changes that are determined to be the result of an adverse change in the patient's ability to pay are recorded as bad debt expense. Bad debt expense for the years ended December 31, 2019 and 2018, was \$972,138 and \$1,814,521, respectively.

Consistent with the Healthcare System's mission, care is provided to patients regardless of their ability to pay. Therefore, the Healthcare System has determined it has provided implicit price concessions to uninsured patients and patients with other uninsured balances (i.e., copays and deductibles). The implicit price concessions included in estimating the transaction price represent the difference between the amounts billed to patients and the amounts the Healthcare System expects to collect based on its collection history with those patients. The Healthcare System's policy is to provide a 30% discount from established charges to uninsured patients. This policy did not change in 2019 and 2018.

The promised amount of consideration from patients and third-party payors has not been adjusted for the effects of a significant financing component due to the Healthcare System's expectation that the period between the time the service is provided to a patient and the time the patient or a third-party payor pays for that service will be one year or less. However, the Healthcare System does, in certain instances, enter into payment agreements with patients that allow payments in excess of one year. For those cases, the financing component is not deemed to be significant to the contract.

All incremental customer contract acquisition costs are expensed as they are incurred as the amortization period of the asset the Healthcare System otherwise would have recognized is one year or less in duration.

For uninsured patients who do not qualify for charity care, the Healthcare System recognizes revenue on the basis of its standard rates for services provided (or on the basis of discounted rates, if negotiated or provided by policy). On the basis of historical experience, a significant portion of the Healthcare System's uninsured patients will be unable or unwilling to pay for the services provided. Thus, the Healthcare System includes price concessions related to uninsured patients in the period the services are provided.

Barton Healthcare System

Notes to Consolidated Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Charity Care

The Healthcare System provides care to patients who meet criteria under its charity care policy without charge or at amounts less than established rates. Such amounts, determined to qualify as charity care, are not reported as revenue.

The estimated cost of providing care to patients under the Healthcare System's charity care policy is calculated by multiplying the ratio of cost to gross charges for the Healthcare System by the gross uncompensated charges associated with providing charity care.

California Hospital Fee Program

In November 2009, the first California Hospital Fee Program (the "Program") was signed into California state law. The Program provides supplemental Medi-Cal payments to certain California hospitals. The Program is funded by a quality assurance fee paid by participating hospitals and matching federal funds. Hospitals receive supplemental payments from either DHCS, managed care plans, or a combination of both.

The Program and all of its statutory provisions and protections were made permanent through the passage of the Medi-Cal Funding and Accountability Act (Proposition 52) in the November 2016 General Election. By removing the sunset date of January 1, 2018, in the existing statute (SB 239, 2013), the Act becomes the framework for all future hospital fee programs. Among other statutory provisions, Proposition 52 makes permanent the limit on the amount the state can take out of the program for the General Fund; the construct of the fee program (both the fee side and the payment mechanisms); and the source of data and information used to develop the program. The current program period covers January 1, 2017, through June 30, 2019, with an extension through December 2021 approved subsequent to yearend.

The Healthcare System recognized revenue of \$9,231,220 in 2019 and \$5,937,216 in 2018 for Proposition 52 of the Program. These revenues are included in patient service revenue in the accompanying consolidated statements of operations.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets to the Healthcare System are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is deemed unconditional. The gifts are reported as "with donor restrictions" if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the accompanying consolidated statements of operations and changes in net assets as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reported as "without donor restrictions."

Advertising Costs

Advertising costs are expensed as incurred.

Revenues in Excess of Expenses

The accompanying consolidated statements of operations and statements of changes in net assets include the classification revenue in excess of expenses, which is considered the operating indicator. Changes in net assets without donor restriction that are excluded from the operating indicator include permanent transfer of assets to and from related parties for other than goods and services and contributions of long-lived assets, including assets acquired using contributions that by donor restriction were to be used for the purpose of acquiring such assets.

Income Taxes

The Hospital is organized as a California nonprofit corporation, and the Foundation is organized as a Nevada nonprofit corporation. Both have been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Hospital and the Foundation are annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the Hospital and the Foundation are subject to income tax on net income that is derived from business activities that are unrelated to their exempt purpose. The Foundation has determined it is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990T) with the IRS, while the Hospital files the form annually.

Accounting Pronouncements Adopted

In November 2016, the FASB issued ASU No. 2016-18, *Statement of Cash Flows, Restricted Cash* (Topic 230). The amendments in ASU No. 2016-18 require that a statement of cash flows explain the change during the period in total cash, cash equivalents, and amounts generally described as restricted cash and cash equivalents. This requires that a reconciliation be shown to reconcile the total cash and cash equivalents on the statement of cash flows to the related captions in the balance sheet. This ASU is effective for the Healthcare System's year ended December 31, 2019, and has been adopted retrospectively for the year ended December 31, 2018. Adoption of this standard did not have a material impact on the Healthcare System's financial statements.

In January 2016, the FASB issued ASU No. 2016-01, *Financial Instruments - Overall* (Subtopic 825-10): *Recognition and Measurement of Financial Assets and Financial Liabilities*. This amends ASC Topic 825 and redefines public business entities, along with disclosures and reporting requirements for certain types of investments and debt obligations. This amendment requires that equity securities be treated as trading securities and that changes in the fair value of equity securities will be reported as part of investment income within the operating indicator revenues in excess of expenses. The Healthcare System adopted this standard on January 1, 2019, on a prospective basis.

Accounting Pronouncements Adopted (Continued)

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842). ASU 2016-02 is intended to improve financial reporting of leasing transactions by requiring organizations that lease assets to recognize assets and liabilities for the rights and obligations created by leases on the balance sheet. This accounting update also requires additional disclosures surrounding the amount, timing, and uncertainty of cash flows arising from leases. The Healthcare System adopted this guidance for the year ended December 31, 2019 with modified retrospective application to January 1, 2019 through a cumulative-effect adjustment. The Healthcare System has elected the package of practical expedients permitted in ASC Topic 842. Accordingly, the Healthcare System accounted for its existing operating leases as operating leases under the new guidance, without reassessing (a) whether the contracts contain a lease under ASC Topic 842, (b) whether the classification of the leases would be different in accordance with ASC Topic 842, or (c) whether any unamortized initial direct costs before transition adjustments (as of December 31, 2018) would have met the definition of initial direct costs in ASC Topic 842 at lease commencement. Similarly, the Healthcare System did not reassess service contracts evaluated for lease treatment under ASC 840 for embedded leases under ASC 842.

As a result of the adoption of the new lease accounting guidance, the Healthcare System recognized the following right-of use (ROU) assets and lease liabilities as of January 1, 2019:

ROU assets - Operating leases	\$2,138,427
Lease obligations	\$2,138,427

This standard did not have a material impact on the Healthcare System's equity or cash flows from operations and had an immaterial impact on the Healthcare System's operating results. The most significant impact was the recognition of the ROU assets and lease obligations for operating leases.

Subsequent Events

Subsequent events have been evaluated through April 23, 2020, which is the date the consolidated financial statements were issued.

Totals from the fair value hierarchy tables	\$ 92,469,792	\$ 78,834,640

Following is a description of the valuation methodology used for assets measured at fair value:

Bonds - Government agencies - Valued using a variety of techniques, including quoted market prices of similar items, broker/deal quotes, or models using interest rates or yield curves.

Bond funds - Corporate, fixed income, and equity securities - Valued using quotes from pricing vendors based on recent trading activity and other observable market data.

Hedge funds - Valued using NAV per share or its equivalent, such as member units or an ownership interest in partners' capital.

Note 4: Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Healthcare System believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5: Liquidity

The following reflects the Healthcare System's financial assets and liquidity as of the balance sheet date, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the balance sheet date.

As part of the Healthcare System's liquidity management, occasionally the Board of Directors designates a portion of operating surplus to be appropriated at its discretion for future operational initiatives and capital expenditures. Though these funds, at the discretion of the Board of Directors, could be released immediately, they are not considered available under the Healthcare System's liquidity management.

Financial assets and liquidity resources available within one year for general expenditure, such as operating expenses, scheduled debt service payments, and capital items, were as follows at December 31:

	2019	2018
Financial assets:		
Cash and cash equivalents	\$ 27,244,251	\$ 31,280,131

Property and equipment - Net	\$ 101,827,150	\$ 102,345,324

Construction in progress at December 31, 2019, represents costs related to various projects, including an operating room upgrade, GI medical gas conversion, and other. The estimated cost to complete these projects will be financed with funds held in trust for fixed asset acquisitions and general operating funds.

Note 7: Investment in Washoe Barton Medical Clinic

Washoe Barton Medical Clinic d/b/a Carson Valley Medical Center (WBMC) is a Nevada nonprofit corporation that was formed in November 2000. The Healthcare System holds a 50% ownership interest in WBMC, which is accounted for under the equity method. WBMC operates a full-service hospital and numerous physician clinics. The Healthcare System's net gain on this investment, totaling \$3,853,264 in 2019 and \$2,687,131 in 2018, is included in other income.

Note 9: Leases

The Healthcare System leases real estate space and medical equipment. The depreciable life of assets are limited by the expected lease term, unless there is a transfer of title or purchase option reasonably certain of exercise.

The Healthcare System's lease agreements do not contain any material residual value guarantees or material restrictive covenants. Payments due under the lease contracts include fixed payments.

Components of lease expense were as follows for the year ended December 31, 2019:

Lease cost:	
Operating lease cost	\$ 705,294
Short-term lease cost	412,393

Note 10: Net Assets Without Donor Restrictions

The Healthcare System's governing board has designated net assets without donor restrictions for capital improvements and other for \$93,276,452 and \$79,511,289 as of December 31, 2019 and 2018, respectively.

Note 11: Net Assets With Donor Restrictions

Net assets with donor restrictions were available for the following purposes at December 31:

	2019	2018
Subject to expenditure for specific purpose:		
Events	\$ 268,957	\$ 169,761
Community Care Clinic	185,768	186,392

Subject to the Healthcare System's spending policy and appropriation - Investments to be held in perpetuity, the income from which is expendable to support various health care services	3,848,820	3,820,534
Total net assets with donor restrictions	\$ 5,023,530	\$ 5,059,625

Net assets were released from donor restrictions by incurring expenditures satisfying the restricted purposes in the amounts of \$321,289 in 2019 and \$11,313,045 in 2018. These amounts are included in net assets released from restrictions in the accompanying consolidated statements of changes in net assets.

During 2019, management discovered that \$215,398 of contributions previously classified as net assets with donor restrictions did not have a restriction on the use of the funds by the donor. These contributions have therefore been reclassified as of December 31, 2019, to net assets without donor restrictions.

Barton Healthcare System

Notes to Consolidated Financial Statements

Note 12: Endowment Funds

The Healthcare System's endowment (the "Endowment") consists of funds established by donors to provide annual funding for specific activities and general operations. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Healthcare System is subject to the State Prudent Management of Institutional Funds Act (SPMIFA) and thus classifies amounts in its donor-restricted endowment funds as net assets with donor restrictions until the Board of Trustees appropriates such amounts for expenditure and any other purpose restrictions have been met. The Board of Trustees of the Healthcare System has interpreted SPMIFA as not requiring the maintenance of purchasing power of the original gift amount contributed to an endowment fund, unless a donor stipulates to the contrary. As a result of this interpretation, when reviewing its donor-restricted endowment funds, the Healthcare System considers a fund to be underwater when the fair value of the fund is less than the sum of (a) the original value of initial and subsequent gift amounts donated to the fund and (b) any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument. The Healthcare System has interpreted SPMIFA to permit spending from underwater funds in accordance with the prudent measures required under the law. In addition, in accordance with SPMIFA, the Healthcare System considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Healthcare System and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effects of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Healthcare System
- (7) The investment policies of the Healthcare System

The Healthcare System had donor-restricted endowments of \$3,848,820 and \$3,820,534 at December 31, 2019 and 2018, respectively.

Investment and Spending Policies

The Healthcare System has adopted investment and spending policies for the Endowment that attempt to preserve and enhance the purchasing power of the Healthcare System's assets. Over time, long-term rates of return should be equal to an amount sufficient to maintain the purchasing power of the Endowment assets, provide the necessary capital to fund the spending policy, and cover the costs of managing the Endowment investments. To satisfy this objective, the investment portfolio is structured on a total-return approach through which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). A significant portion of the funds are invested to seek growth of principal over time.

Note 13: Patient Service Revenue (Continued)

Patient service revenue (net of contractual allowances, discounts, and implicit price concessions) consisted of the following for the years ended December 31:

	2019	2018
Third-party payors	\$ 166,522,389	\$ 168,273,850
Self-pay	14,015,927	12,561,009
Patient service revenue	\$ 180,538,316	\$ 180,834,859

The following table reflects the approximate portion of gross patient service revenue by payor for the years ended December 31:

	2019	2018
Commercial payors	41.0 %	41.7 %
Medicare	33.7 %	31.2 %
Medi-Cal	22.0 %	23.9 %
Self-pay	3.3 %	3.2 %
Totals	100 %	100 %

The Healthcare System's practice is to assign a patient to the primary payor and not reflect other secondary insurance or patient responsibility balances, such as copays and deductibles, as self-pay. Therefore, the payors listed above contain patient responsibility components.

Note 14: Charity Care

Consistent with the mission of the Healthcare System, care is provided to patients regardless of their ability to pay, including providing services to those persons who cannot afford health insurance because of inadequate resources or who are underinsured. Patients who meet certain criteria for charity care, generally based on federal poverty guidelines, are provided care without charge or at a reduced rate, as determined by qualifying criteria defined in the Healthcare System's charity care policy and from applications completed by patients and their families.

The estimated cost of providing care to patients under the Healthcare System's charity care policy was approximately \$1,439,000 in 2019 and \$1,212,000 in 2018.

Barton Healthcare System

Notes to Consolidated Financial Statements

Note 15: Retirement Plan

The Healthcare System has a 403(b) tax deferred compensation plan covering substantially all employees. Under this plan, eligible participating employees may elect to contribute a percentage, up to the IRS limits, of their annual gross wage to a trust to be invested in flexible premium deferred annuity contracts issued by Lincoln National Life Insurance Company. The Healthcare System matches up to 5% of eligible employee contributions with vested contributions after one year of service. The Healthcare System's expenses related to the plan totaled \$2,525,451 in 2019 and \$2,073,690 in 2018.

Note 16: Related-Party Transactions

Two members of the Healthcare System's Board of Directors are orthopedic surgeons and shareholders of Lake Tahoe Orthopedic Institute (LTOI) and Tahoe Orthopedic Sports Medicine, Inc. (TOSM), which contract with the Healthcare System for physician services. Amounts paid to LTOI and TOSM totaled \$6,336,761 during 2019 and \$6,576,160 during 2018. These amounts are included within medical fees expense on the consolidated statements of operations. One of these surgeons was also paid \$41,854 during 2019 and \$120,000 during 2018 as a medical director for the Healthcare System's fellowship program.

One member of the Healthcare System's Board of Directors is a shareholder of Tahoe Carson Valley Medical Group, Inc. (TCVMG), which contracts with the Healthcare System for physician services. Amounts paid to TCVMG totaled \$15,791,462 during 2019 and \$14,716,248 during 2018. These amounts are included within medical fees expense on the consolidated statements of operations. Another member of the Healthcare System's Board of Directors is a shareholder of South Tahoe Anesthesia which contracts with the Healthcare System for physician services. Amounts paid to South Tahoe Anesthesia totaled \$1,671,122 and \$1,466,333 in 2019 and 2018, respectively. These amounts are also included within medical fees expense on the consolidated statements of operations. A member of the Board was also paid wages of \$89,414 during 2019 and 2018 as a medical director.

Note 17: Contingencies

Malpractice Insurance

The Healthcare System has malpractice insurance coverage to provide protection in cooperation with certain hospitals in California through the California Hospital Insurance Company, Inc. for professional liability losses on a claims-made basis subject to a limit of \$5 million per claim and an annual aggregate limit of \$15 million with a \$25,000 deductible per claim. Should the claims-made policy not be renewed or replaced with equivalent insurance, claims based on occurrences during its term, but reported subsequently would be uninsured. Management's estimate of the Healthcare System's liability for expected losses from reported and unreported incidents is based on information obtained from the Healthcare System's actuary and claims managers. The liability is discounted to present value at an assumed discount rate of 4% at December 31, 2019 and 2018, and is recorded under claims reserves, less current portion on the consolidated balance sheets of \$1,750,157 and \$2,234,547 as of December 31, 2019 and 2018, respectively.

Barton Healthcare System

Notes to Consolidated Financial Statements

Note 17: Contingencies (Continued)

Workers' Compensation Claims

Effective January 1, 2018, the Healthcare System converted to a guaranteed cost program where there are no longer any out of pocket costs for claims. An actuarial estimate of losses from reported and unreported incidents for claims through 2018 has been used by management to record a liability and receivable. The claims reserve of \$2,918,216 and \$4,025,428 as of December 31, 2019 and 2018, respectively, is recorded under claims reserves, less current portion on the consolidated balance sheets. Related insurance receivables are recorded under other assets. The estimate is subject to a significant degree of inherent variability. The Healthcare System has one standby letter of credit of \$900,000 as of December 31, 2019, securing workers' compensation claims. No amounts were drawn against the letter of credit as of December 31, 2019.

Employee Health Benefits Claims

The Healthcare System is insured for employee health claims with a self-insured retention of \$175,000 per insured individual per year. The accrual for these costs includes the unpaid portion of claims that have been reported and estimates of amounts incurred for claims that have been incurred, but not reported. An actuarial estimate of losses from reported and unreported incidents has been used by management to record the liability. The claims reserve of \$2,753,495 and \$2,601,368 as of December 31, 2019 and 2018, respectively, is recorded as current portion of claims reserves on the consolidated balance sheets. Related reinsurance receivables are recorded within other assets.

Litigation, Claims, and Disputes

The Healthcare System is subject to the usual contingencies in the normal course of operations relating to the performance of its tasks under its various programs. In the opinion of management, the ultimate settlement of any litigation, claims, and disputes in process will not be material to the financial position, operations, or cash flows of the Healthcare System.

The California Hospital Facilities Safety Act (SB 1953) specifies certain requirements that must be met at various dates in order to increase the probability that the Healthcare System could maintain uninterrupted operations following major earthquakes. By January 1, 2030, all general acute care inpatient buildings must be operational after an earthquake. The Healthcare System believes it is currently in compliance with the 2030 requirements.

Barton Healthcare System

Notes to Consolidated Financial Statements

Note 18: Functional Expenses (Continued)

The consolidated financial statements include certain departments that have expenses attributable to one or more service lines of the Healthcare System. The expenses within these certain departments are allocated to the proper supporting service lines based on estimates of time and usage for salaries and wages, employee benefits, medical fees, supplies, and purchased services and other and estimates based on square footage for depreciation and interest. All other expenses are directly assigned to the supporting service lines.

Note 19: Concentration of Credit Risk

The Healthcare System grants credit without collateral to its patients, most of whom are insured under third-party payor agreements.

The mix of receivables from third-party payors and patients was as follows at December 31:

	2019	2018
Commercial payors	52 %	49 %
Medicare	16 %	24 %
Medi-Cal	23 %	16 %
Self-pay and other	9 %	11 %
Totals	100 %	100 %

The Healthcare System maintains depository relationships with area financial institutions that are Federal Deposit Insurance Corporation (FDIC) insured institutions. Depository accounts at these institutions are insured by the FDIC up to \$250,000. At December 31, 2019, the Healthcare System exceeded the insured limits by approximately \$28,640,000. In addition, other investments held by financial institutions and investment companies are uninsured.

Note 20: Subsequent Events

The Healthcare System has evaluated subsequent events through April 23, 2020, which is the date of the consolidated financial statements. Subsequent to year end, in March 2020, the World Health Organization declared the outbreak of the novel coronavirus (COVID-19) as a pandemic, which continues to spread throughout the United States. As a result of the pandemic, there are evolving federal and state regulatory requirements and laws that will affect the Healthcare System's operations. The Healthcare System is incorporating processes to comply with the evolving regulatory requirements and laws.

Barton Healthcare System

Notes to Consolidated Financial Statements

Note 20: Subsequent Events (Continued)

In addition, as a result of this pandemic, U.S. and global financial markets have significantly declined. The Healthcare System's investment income (loss), including realized and unrealized gains and losses, is a significant component of its operating indicator. With the decline in recent financial market performances, the Healthcare System's investment portfolio has experienced a significant decline in value, resulting in significant losses subsequent to year end. At this time it is unclear what the prolonged economic impact of COVID-19 will have on the Healthcare System's operations.

Note 21: Reclassifications

Certain reclassifications have been made to the 2018 consolidated financial statements to conform to the 2019 classifications.

Part IV Declaration of Officer

I authorize the exempt organization's account to be settled as designated in Part II. If I check Part II, Box 4, I authorize an electronic funds withdrawal for the amount listed on line 4a.

Under penalties of perjury, I declare that I am an officer of the above exempt organization and that the information I provided to my electronic return originator (ERO), transmitter, or intermediate service provider and the amounts in Part I above agree with the amounts on the corresponding lines of the exempt organization's 2019 California electronic return. To the best of my knowledge and belief, the exempt organization's return is true, correct, and complete. If the exempt organization is filing a balance due return, I understand that if the Franchise Tax Board (FTB) does not receive full and timely payment of the exempt organization's fee liability, the exempt organization will remain liable for the fee liability and all applicable interest and penalties. I authorize the exempt organization return and accompanying schedules and statements be transmitted to the FTB by the ERO, transmitter, or intermediate service provider. **If the processing of the exempt organization's return or refund is delayed, I authorize the FTB to disclose to the ERO or intermediate service provider the reason(s) for the delay.**

Part V Declaration of Electronic Return Originator (ERO) and Paid Preparer.

I declare that I have reviewed the above exempt organization's return and that the entries on form FTB 8453-EO are complete and correct to the best of my knowledge. (If I am only an intermediate service provider, I understand that I am not responsible for reviewing the exempt organization's return. I declare, however, that form FTB 8453-EO accurately reflects the data on the return.) I have obtained the organization officer's signature on form FTB 8453-EO before transmitting this return to the FTB; I have provided the organization officer with a copy of all forms and information that I will file with the FTB, and I have followed all other requirements described in FTB Pub. 1345, 2019 Handbook for Authorized e-file Providers. I will keep form FTB 8453-EO on file for **four** years from the due date of the return or **four** years from the date the exempt organization return is filed, whichever is later, and I will make a copy available to the FTB upon request. If I am also the paid preparer, under penalties of perjury, I declare that I have examined the above exempt organization's return and accompanying schedules and statements, and to the best of my knowledge and belief, they are true, correct, and complete. I make this declaration based on all information of which I have knowledge.
